Dear Spectator,

I hope all is well.

No plans for upcoming Madaraka weekend 29.05-01.06.2020?

The flying season has begun and the Paragliding Association of Kenya (PAK) invites you to a great camping and spectating weekend during the 3rd Paragliding Competition on Kijabe Hill in the Rift Valley.
Date is the Madaraka weekend, so it's a three day event with two nights camping.

Catering
Saturday 31.05 & 01.06.19 full board catering on the campsite

Activities
We are hoping for fantastic weather and apart from spectating the colorful paragliders soaring around, there are a few more things you can do up there with kids or just alone:

- Tandem paragliding (we will have a Tandem Pilot who can take you on a flight)
- Trekking to the summit of the Hill
- Mountain biking downhill fun (bring your bicycle its an epic 8km downhill!)
- Kids soccer
- Seedball catapult shooting and seedling planting (plant a tree, make a difference)
- Flying a kite

Camping:
There is enough space for 15-20 tents so bring your own bush camp setup stuff. There is a lomg drop toilet, no water, no electricity but you can always ask for a Bodaboda to bring in supplies of water or food. Please also bring some warm clothing as it might get cold and windy at night. Camping fee for the weekend is 1500ksh. The proceeds will go to support the local community.

Hope to see you then!

Please let me know if you can make it and I will send you the directions! If you have

any question please ask!

Your PAK Team!
